# Home Comfort News

**COMFORT FROM OUR FAMILY TO YOURS... SINCE 1994**

### Plan for a Worry-Free Summer

Except for a brief bit of snow and ice that is now a distant winter memory, we have been truly blessed with wonderful weather resulting in lower heating bills. The good news is that the mild temperatures give us time to prepare for the summer's heat. Our service team is busy scheduling cooling maintenance visits for our Comfort Club members, and we would love to get your system tuned-up as well.

Just like a car, your home's cooling system requires maintenance to run well. If your system is not tuned regularly, it's like going 152,000 miles with NO tune-up. And you pay big—with wasted energy, more repairs and less than optimal comfort. Why don't you join the customers who have scheduled their tune-ups before our special offer of \$119.00 ends on May 31, 2017?

Are you tired of experiencing power interruptions that impact your plans? Tommy and I had a training class in Seattle and our power had been out for several days. With a freezer full of fish, we were grateful to rely on the whole-house generator to operate and then automatically switch off when the power came back on. It certainly beat the alternative of a portable generator that required someone to be present to keep the tank filled and make sure someone else did not want the generator more than we did!

If you would like to explore the option of a generator for your home, call Brenda today. We would love to help you. Also, special spring savings and financing options are available to give you peace of mind.

UNSTOPPABLE comfort in any season is the comfort you can experience with a Trane TruComfort™ Variable Speed System, which is like having 700 units in your backyard. The system will run at whatever speed you need to match the specific load your home needs. AND you can have all this with 0% APR for 72 months or a trade-in allowance of \$1,000 during Trane's spring promotion. See the back page of this newsletter for more details.

When you are a part of the Comfort Master family, we take our commitment seriously to deliver the service you deserve. Let us help you get ready for a great summer!

**Did you know?**  
We now install generators for your peace of mind. Plus, special financing available.

## When the power goes out, which house do you want to be in?

Summer storms are inevitable, causing surges and power outages. Make sure that you're prepared.

	WITH A GENERATOR	WITHOUT A GENERATOR
<b>Home Office</b>	Uninterrupted revenue	Lost wages & work
<b>Allergies/Illness</b>	Guaranteed, continued comfort & life sustaining systems	Possible hospital visits & travel expenses (hotel & food)
<b>Wine Cellars</b>	Peace of mind that your collection will be safe	Potential for spoiling in the summer heat
<b>Food Storage, Appliances</b>	You might have a crowd over for dinner!	Additional food expenses - spoiled food, eating out
<b>Lighting</b>	The night light for the kiddos will stay on for a peaceful night's sleep	Potential for house fires with candles & lanterns

## A round of applause

We are extremely satisfied with the installation of our new Trane HVAC systems by Comfort Master, INC. All personnel from sales coordinator Brenda to comfort consultant Greg, to installers Moises, Osfredo, and George, to service technician Sam, and operation manager Matt were friendly, courteous, and did an excellent job. In this age of quick-profit, this company stands out as a highly customer-oriented company with emphasis on friendly, courteous, efficient, and first-rate service. After the installation, we have had some minor hiccups. Whenever I call them with a problem, they always respond very promptly, and always tell me, "We will make it right." And they always keep their promise. You can't go wrong with this company, and we recommend them very highly. - Mr. Tripathy

**Employee Profile:**  
**Sam Davis**  
Service Technician

Sam Davis joined the Comfort Master team four years ago. Sam graduated from HVAC technician school in 2008 and is a NATE certified technician. He moved from Baltimore, Maryland, six years ago and has settled in Raleigh. He has a wonderful wife and three great children: two girls, who are eight and four, and a 6-month-old baby boy. Sam devotes his spare time to his family and enjoys outings with them. We receive many great reviews from Sam with words such as helpful, efficient, friendly, and explained things. Thank you for being such a valuable Comfort Master family member, Sam!

## APPLE CHEDDAR PIZZA WITH TOASTED PECANS

- 1 pizza crust
- Cooking spray
- 3 large apples, thinly sliced
- 1 C. apple juice
- 1 Tbsp. cornstarch
- 1/2 tsp. ground cinnamon
- 2 Tbsp. honey
- 1/4 C. chopped toasted pecans
- 1 C. grated cheddar cheese

Pre-heat oven to 425°. Lightly coat 14-in. pizza pan with cooking spray. Press dough into pan. Cook apples in apple juice until tender. Drain off juice and reserve. Place apple slices on dough.

Combine cornstarch, cinnamon, and honey in apple juice until dissolved then cook over medium heat until clear. Spread sauce over apples. Sprinkle pecans on top. Top with cheese. Bake for 15-20 minutes. Serves 8.

## DEEP THOUGHTS FOR THE SERIOUS AMATEUR GOLFER

- Never try to keep more than 300 separate thoughts in your mind during your swing.
- When your shot has to carry over a water hazard, you can either hit one more club or two more balls.
- No matter how bad you are playing, it is always possible to play worse.
- The inevitable result of any golf lesson is the instant elimination of the one critical, unconscious motion that allowed you to compensate for all of your many other errors.
- Golfers who claim they don't cheat also lie.
- Everyone replaces his divot after a perfect approach shot.
- A golf match is a test of your skill against your opponent's luck.
- It is surprisingly easy to hole a 50-foot putt... for an 8.
- Nonchalant putts count the same as chalant putts.
- It's not a gimme if you're still away.
- There are two kinds of bounces; unfair bounces and bounces just the way you meant to play it.
- You can hit a two-acre fairway 10% of the time and a two-inch branch 90% of the time.
- If you really want to get better at golf, go back and take it up at a much earlier age.

At Comfort Master we believe it has become even more important to take care of the things we own, and our heating and cooling system is no different. Lack of maintenance means wasted energy, more repairs and less comfort. As part of our commitment to value, I want to make this offer available to you. Ask how you can save with a Comfort Club Maintenance membership.
